

# REHAB QUEST at NCORE 2025 Announcement

## To The Head of the Department

Department of Pediatrics,

Respected Sir/Madam,

Rehabilitation is a cornerstone of pediatric care, bridging the gap from critical care to community reintegration. With advances in neonatal and pediatric intensive care, more children are surviving complex medical conditions, but many require structured rehabilitation to achieve their fullest potential. A strong understanding of pediatric rehabilitation not only improves functional outcomes but also strengthens family and community support systems.

In this context, we are delighted to invite the esteemed pediatric postgraduate students from your institution to participate in REHAB QUEST, an exclusive Pediatric Postgraduate Quiz on Pediatric Rehabilitation, organized as part of NCORE 2025. This academic initiative is designed to test knowledge, spark peer engagement, and deepen awareness of rehabilitation practices across critical care, neurodevelopment, speech and language, physiotherapy, occupational therapy, and psychosocial domains.

## Quiz Details:

1	2	3
<b>Format</b> Two stages – <ul style="list-style-type: none"><li>Preliminary Round</li><li>Final Round</li></ul>	<b>Preliminary Round</b> Date: 5th October 2025 Format: Online via the MyQuiz app Details: <ul style="list-style-type: none"><li>Teams of two will compete by answering multiple-choice questions.</li><li>The top five teams will qualify for the Final Round.</li></ul>	<b>Final Round</b> Date: 12th October 2025 Format: In-person, held during the NCORE 2025 conference.
